19 June 2020

Dear parents, teachers and students,

Exams start on Monday and I do think we are all very excited for this as it gives us an indication that the end is near. We learn in our habits of mind to be persistent and I believe that this is a skill which we have all practiced well this term.

Exams this year will be a little different, as students are home and some are back at school. We do encourage parents at home that students will need to stick to time constraints and should they have any connectivity issues or problems with the paper to please contact Nabeela Mulla or myself as soon as possible. The students at home need to be responsible with their work and show integrity in all they do. All students are required to complete the tests on a laptop or tablet only, no cellphones are allowed. All Intermediate Phase students need to be at school at 7:30 promptly. We encourage you to please be aware of all the rules before Monday. Please complete the survey sent out last week for re-registration.

Our foundation phase students are all back and loving being at school, with teachers being very occupied in the classroom we do encourage parents to contact the teacher after 11:45 to ensure she/he can attend to you once class is done at school. Please be patient and kind with the teachers as they have stretched themselves far this term to ensure all bases are covered. Please complete the survey for Foundation Phase students as soon as possible for re-registration 2021.

We look forward to welcoming a few more students as the weeks go by, we are aware of the rising cases in Limpopo and we keep ourselves and students safe during this time. Should you need to contact us with any COVID related issue please do not hesitate to do so.

'It's only those who are persistent and willing to study things deeply, who achieve the master work'
Paulo Coelho

I hope you keep warm this weekend.

My kindest regards,

Helyn Pope
